Points to Remember

- Upon approval, this contractor registration remains valid for a period of 1 year.
- If a bidder does not re-new its registration before the expiry date, it will result in de-activation of its account, subsequently prohibiting the bidder from participating in e-Tendering process.
- Hence, it is recommended for bidders to get their registrations renewed prior to expiry of the same.
- To renew your registration you need to Edit Enrollment Information and update your Enrollment. (refer Updating of Enrollment Information user manual)
- Upon updation of registration, validity of account gets extended for another year.

Points to Remember

- Bidders registered through the above mentioned steps are now eligible to participate in e-Tenders of '**Open**' category only.

- In order to participate in e-Tenders of '**Restricted**' category, apart from completing normal registration process for the main portal, eligible bidders would require to complete '**Portal Empanelment**' process for specific departments on their respective sub portals.
  (kindly refer relevant user manual for the same available on **https://maharashtra.etenders.in**)

- Few of the departments which publish '**Restricted**' type of tenders : **PWD, PWD-NH, WRD, MJP** etc.
